

Advt. No. 16/Project/2022/HR

Interview for Project Associate-II position

Title of Project: MOMI- Biorepository local analysis-INDIA.

Project Information: Multi-omics for Mother and Infants (MOMI) Consortium is a global consortium which aims to identify new predictive biomarkers for preterm birth, preeclampsia, stillbirth and fetal growth restriction. Interdisciplinary Group for Advanced research on BirtH outcome-DBT India Initiative (GARBH-Ini) partners with MOMI to investigate the pregnancy related complication. One of the objectives of this project to check the quality of placenta samples in the GARBH-Ini Biobank using mass spectrometry based analytical tools.

Duration: Initially for six months and may be extended after performance evaluation on every six months till the end of project.

Age Limit: 35 Years as on 25.03.2022.

Essential Qualifications: (i) Master degree in Biotechnology/ Life Science with minimum 60% marks in all qualifying exams.

(ii) Two years of Research and Development in the Industrial and academic Institutions or Science and Technology Organizations and Scientific activities and Services.

Desirable Qualifications: Candidate must have hands on experience on mass spectrometry-based proteomics (proteomics sample preparation and data analysis). This project will deal with placental proteomics study using LC-MS/MS on store samples in Biobank to access the sample quality for proteomics.

Principal Investigator: Dr. Tushar Kanti Maiti, Associate Professor

No. of Position: One

Fellowship: Rs.35,000/- + 24% HRA per month.

Interested candidates should apply online by 25th March, 2022, 5:00 PM.

Click here to apply online

The shortlisted candidates will be informed by 4th April, 2022 via email to appear in the online interview to be held at 11:00 AM on 8th April, 2022.

For any query, you may contact PI by email: tkmaiti@rcb.res.in.

Please upload copies of the following documents:

- 1) All degree Certificates.
- 2) Publication list.
