

Advt. No. 18/Project/2021/HR

Interview for Project Scientist-II position

Title of Project: Inter-Institutional Program for Maternal, Neonatal and Infant Sciences: A translational approach -interdisciplinary Group for Advanced Research on Birth outcomes- DBT India Initiative (GARBH-Ini Phase II).

Duration: Initially for six months and may be extended after performance evaluation on every six months till the end of project.

Age Limit: 40 years as on 15th July, 2021.

Essential Qualifications: (i) Ph.D. in Natural Science (Chemistry/Biotechnology/Life Science). Candidate must have at least two proteomics associated publications in science citation indexed (SCI) Journal.

(ii) Candidate must have at least three years' experience in Research and Development in Industrial and Academic Institutions or Science and Technology Organizations and Scientific activities and services.

Desirable Qualifications: Candidate must have hands on experience on mass spectrometry-based proteomics (proteomics sample preparation, data collection and data analysis). Should have strong working knowledge of DIA/SWATH-MS workflow. This multi institutional project needs validation of molecular signature identified earlier in the laboratory using MRM or PRM. Candidate must have also knowledge of different enrichment tools for PTM analysis. Additional knowledge of clinical mass spectrometry data analysis and statistical analysis will be given preference.

Principal Investigator: Dr. Tushar Kanti Maiti, Associate Professor

No. of Position: One

Fellowship: Rs. 83,080/- (67,000/- + 24 % HRA) per month.

Interested candidates should apply online by 12th July, 2021, 5:00 PM.
