

# PhD (integrated) Program MSc-PhD BIOTECHNOLOGY

United Nations  
Educational, Scientific and  
Cultural Organization

क्षेत्रीय जैव प्रौद्योगिकी केन्द्र  
Regional Centre  
for Biotechnology

## Eligibility

**R**egional Centre for Biotechnology is an Institution of National Importance created through an Act of Parliament by the Department of Biotechnology, Govt. of India under the auspices of UNESCO.

Indian and foreign students holding a graduate degree or those expected to complete by August 2021 in any field of science, technology or engineering are eligible for admission.

## Apply Online

Indian applicants are required to register online and appear for the GAT-B test to be conducted by the Regional Centre for Biotechnology through the National Testing Agency on 14 August 2021.

A separate online application is then required to be made to RCB. RCB will conduct an interview of shortlisted candidates based on GAT-B score.

Foreign applicants can apply online directly along with scanned copy of transcripts and the shortlisted candidates will be interviewed through skype.

The last date  
of registration for  
RCB MSc-PhD Integrated  
Degree Program is  
**07 August 2021**
